

# MutualLink: Open Questions for FFMPC

Franciscan Friends Multi-Purpose Cooperative · Andres Bonifacio, Zone 1, Baybay City, Leyte

MutualLink is working and was built from the questionnaire answers and the sample loan computation. The questions below are the remaining points where the cooperative's rules are not yet written down. For each one, the system already follows a default, marked **(current)**. Please tick the box that matches FFMPC's practice, or write the correct rule.

☐ Tick one or more boxes    **(current)** = what the system does today    Blank lines = write the rule or amount

## A. MONEY COMPUTATIONS please answer first

### 1 Rounding of monthly amounts

The sample Excel sheet rounds each monthly amount down to ₱0.05.

☐ Keep exact centavos; the last month absorbs the difference **(current)**

☐ Round down to ₱0.05, like the Excel sheet    ☐ Other: \_\_\_\_\_

### 2 How a "month" is counted after the loan term ends

Used for the 3% interest + 4% penalty per month.

☐ 30-day blocks; a partial month counts as one month **(current)**    ☐ Calendar months

☐ Other: \_\_\_\_\_

### 3 Base of the after-term interest and penalty

☐ Unpaid principal only **(current)**    ☐ Unpaid principal + unpaid interest

☐ Other: \_\_\_\_\_

### 4 Late installment while the loan is still within its term

☐ No penalty until the term ends; only listed as delinquent **(current)**

☐ Penalty of \_\_\_\_\_ % per month    ☐ Grace period of \_\_\_\_\_ days

### 5 Loan insurance (0.56%)

The sample loan was 9 months.

☐ Same 0.56% for any term **(current)**

☐ Depends on the term: \_\_\_\_\_

**6 Service fee (3%) and notarial fee (₱200)**

- ☐ Charged on every product, including Emergency Loan **(current)**
- ☐ Not charged on Emergency Loan ☐ Other: \_\_\_\_\_

**7 Renewal: previous loan deducted from the new loan**

- ☐ Remaining principal only **(current)** ☐ Remaining principal + interest due
- ☐ Other: \_\_\_\_\_

## B. LOAN POLICY

**8 Salary Loan: how much can be borrowed?**

Net pay is recorded but not yet used to compute a limit **(current)**.

- ☐ Up to \_\_\_\_\_ % of monthly net pay ☐ Up to \_\_\_\_\_ × monthly net pay

Other rule:

\_\_\_\_\_

**9 Regular Loan for school-based members**

Every Regular Loan needs collateral and is capped at 30% of its appraised value, including for school-based members **(current)**.

- ☐ Keep: collateral for every Regular Loan **(current)**
- ☐ School-based members may borrow without collateral, up to ₱ \_\_\_\_\_

**10 Emergency Loan requirements**

- ☐ Co-maker required **(current)** ☐ No co-maker needed ☐ Collateral required
- ☐ No collateral needed

**11 Co-maker rules**

- ☐ Co-maker must be a member ☐ Anyone may be a co-maker **(current: name only)**
- ☐ One person may co-sign up to \_\_\_\_\_ loans at a time

**12 Number of loans per member**

- ☐ Up to \_\_\_\_\_ active loans at once ☐ Same product may be held twice
- ☐ Only one loan per product

**13 Credit committee in the system**

- ☐ Manager records the committee's decision **(current)**
- ☐ Committee members get their own logins

**14 Due dates for members paying by salary deduction**

- ☐ Monthly, on the same day as the release date **(current)** ☐ On the payroll dates (15th and 30th)
- ☐ Other: \_\_\_\_\_

## C. MEMBERSHIP AND SAVINGS

**15 Membership fee**

- ☐ Fixed at ₱ \_\_\_\_\_ ☐ Varies; cashier types the amount **(current)**

**16 Capital build-up (₱100 per month)**

- ☐ Reminder only **(current)** ☐ Required; deducted from \_\_\_\_\_

**17 Interest on savings and dividends on share capital**

- ☐ No interest or dividends in the system **(current)**
- ☐ Regular savings earn \_\_\_\_\_ % per year
- ☐ Time deposit earns \_\_\_\_\_ % for \_\_\_\_\_ months
- ☐ Dividends / patronage refund should be computed

**18 Returning share capital when a member resigns**

Share capital withdrawals are blocked today **(current)**. What is the process, and who approves it?

---

---

**19 Dormant or inactive accounts**

Is a member or account made inactive after a period without transactions? Are there fees?

---

---

## D. OPERATIONS AND SETUP

**20 Existing records from the manual books**

The system cannot yet enter opening balances for current members and running loans. This is needed before real use.

- ☐ Encode balances by hand ☐ Import from Excel ☐ Start fresh from a set date

Start date and number of members / active loans: \_\_\_\_\_

**21 Official receipts**

- ☐ One series for all transactions **(current)** ☐ Separate series for savings and loans
- ☐ Receipt must follow a registered format / paper size

Format or paper size required:

---

**22 Payment reminders**

- ☐ Staff send from their own email app **(current)**
- ☐ Cooperative email account: \_\_\_\_\_
- ☐ Text message (SMS) preferred

**23 Where the system will run**

- ☐ One office computer ☐ Several computers on the office network
- ☐ Number of cashiers at the same time: \_\_\_\_\_

**24 Backups**

- ☐ Daily ☐ Weekly ☐ Responsible person: \_\_\_\_\_
- ☐ Stored on: \_\_\_\_\_

**25 Demand letter wording**

The letter gives 15 days to settle and sends a copy to the co-maker.

- ☐ Approved as is ☐ Needs changes (write below)
- 

---

Signature over printed name (FFMPC)

---

Date received by the capstone team

## E. FOR THE CAPSTONE TEAM manuscript consistency

### 26 AdminLTE version in Chapter III

The manuscript says 4.9.1 / Bootstrap 5.3.8; the system uses AdminLTE 3.2.0 / Bootstrap 4.6.1.

☐ Update the manuscript to 3.2.0    ☐ Keep as is (reason below)

---

### 27 Aging brackets

1–30, 31–60, 61–90, 91–180, 181–365, and over 365 days **(current)**.

☐ Confirmed    ☐ Change to: \_\_\_\_\_
